Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am very opposed to the
restriction of shipping compounded
medications across state lines.
We should all, for the good of our country,
be trying to practice the best preventive
health care at the lowest cost.
My compounded medications that
are shipped across the state lines
are HALF as much as the compounding
pharmacy in my state. This affects
me, my insurance company, and
the school board that I work
for, which eventually gets back to
other taxpayers.
